LinkedIn: [linkedin.com/in/m-hasnain-shaukat-398b4b2a8](https://www.linkedin.com/in/m-hasnain-shaukat-398b4b2a8)
Address: Johar Town, Lahore, Pakistan

AI/ML Engineer | Full-Stack Developer | Mobile App Developer | Problem Solver

EDUCATION

University of Management & Technology (UMT), Lahore BS – Computer Science CGPA: 3.72 / 4.0 Relevant Courses: Artificial Intelligence, Machine Learning, Data Structures & Algorithms, Software Engineering, Database Systems Final Year Project: Facial Emotion Recognition System (EmotionNet) — EfficientNet-B2 + CBAM attention, deployed via FastAPI on Hugging Face Spaces	2022 – 2026
The Punjab School, Lahore Matriculation — Computer Science	2018 – 2020
Punjab College, Lahore FSc — Pre-Engineering	2020 – 2022

PROJECTS

Shopping Mobile Application - Solo-developed a full e-commerce Android app spanning men's, women's, and kids' categories with a complete shopping flow. - Built a multi-step order flow — product selection to order details confirmation — with real-time push notifications on order placement. - Implemented Firebase-based user authentication and persistent storage for user sessions and shopping data.	Android Studio Java, Firebase 3 Months
Vehicle Detection & Classification System - Built a classical ML pipeline using HOG, LBP, and HSV features with an SVM sliding-window detector, iterated across 9 versions. - Developed a parallel deep learning approach using EfficientNetB3 for vehicle detection and classification. - Resolved duplicate bounding boxes, per-instance counting errors, and false detections through NMS tuning. - Authored an IEEE Access–formatted academic report documenting the methodology and results.	Python OpenCV, Scikit-learn, TensorFlow

CERTIFICATIONS

- Claude Platform 101 — Anthropic
- Claude Code 101 — Anthropic
- AI Foundations — OpenAI Academy
- Applied AI Foundations — OpenAI Academy
- Agents and Workflows — OpenAI Academy

COMPETENCIES & TECHNICAL SKILLS

Cognitive Skills	Competencies	Technical Expertise
Communication Skills	AI/ML Engineering	Python, Java, C#, C++, JavaScript
Leadership & Team Management	Mobile App Development	React Native, Android Studio, HTML/CSS
Decision Making & Problem-Solving	Full-Stack Development	Node.js, Express, REST APIs
Analytical & Critical Thinking	Game Development	TensorFlow, PyTorch, Scikit-learn
Innovation & Creativity	Client Communication	MongoDB, MySQL, Firebase, Git

EXTRA & CO-CURRICULAR ACTIVITIES

- Team Lead across multiple semester projects — responsible for task delegation, progress tracking, and final delivery, consistently receiving high marks for project quality.
- Active player and enthusiast of cricket in personal time.

HONOURS & AWARDS

- Dean's Merit Award (x2), University of Management & Technology (UMT) — recognizing academic excellence at 3.72 CGPA.

INTERESTS

Gaming, Cricket, Travelling (would like to travel more, but hasn't found the time)
